

World-Class Data Security

✓ UK Crown Commercial Service

✓ Cyber Essentials

✓ ISO 27001:2013

✓ PCI DSS

✓ SAM

Cyber security has never been more critical than it is right now. Your organization can't take chances with sensitive information, and that is what you are doing when using a transcription tool without the proper security credentials. With ISO27001 accreditation you can be assured your data is secure with Trint.

1. EU Server

A dedicated EU server that is compliant with GDPR regulations.

2. US Server

A dedicated US server that is compliant with the Patriot Act.

3. Encrypted Data

All data is encrypted in transit and at rest.

ISO 27001 Certification

ISO 27001 was created by the International Standards Organization to provide a global standard for information security management systems (ISMS). It's considered the platinum standard for data security.
